1. Claims 1-170 stand cancelled in this application.
2. Claims 171-226 are presently pending in this application.
3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
4. Claims 171-226 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In sole independent claim 171 as newly-amended, it is unclear what is meant in context by the uses of the word "infrastructure" (lines 2 and 10) in that the recited structure appears from the disclosure to be an improvement on some sort of existing "infrastructure" circuitry (e.g., see the first paragraph of the "SUMMARY OF THE INVENTION" on page 5 of the Specification), but the claim does not make clear and definite what the improved "infrastructure" circuitry is. In that the "infrastructure" circuitry is presented as part of the claimed invention, this lack of clarity and definiteness as to what the "infrastructure" circuitry is makes the overall claimed subject matter indefinite and unclear. Please see MPEP 2173 and 37 CFR 1.75(d)(1).

Dependent claims 172-226 are unclear at least in that they depend from unclear independent claim 171.

Art Unit: 3662

5. Claim 171 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

6. Claims 172-226 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
